Infosys: Expertise in Oracle HCM Cloud

With more than 16 years experience in the HCM industry and a 34-year history, Infosys can tell the difference between a pervasive technology and a fad. That's why it has invested heavily to train 400+ HCM consultants on Oracle HCM Cloud products.

"Strategy to Solution" Deployment Approach

An Infosys team of industry professionals will help you outline your cloud strategy, guide you along the implementation path, and assist your organization with training and change management. Infosys offers an array of services to accommodate your needs, including:

- HCM product selection
- HR IT application rationalization
- HR shared services design
- Business process redesign
- Interface architecture
- Organizational change management
- HR process harmonization
- HR2HR co-existence
- HR value design with KPIs and metrics

RAPID START Enhanced to Provide RAPID VALUE

Infosys enhanced Oracle's Rapid Start implementation approach with tools and accelerators to create the "HCM Cloud Rapid Value Solutions" methodology to deliver solutions in as little as 14-16 weeks. It includes:

- **Rapid Implementation Workbench**—A library of pre-defined HCM process maps, Oracle Fusion and Taleo modules, and configurations.
- **Data Migration Toolkit**—To facilitate data conversions.
- **Integration Hub**—Pre-configured interfaces between Oracle HCM Cloud and other enterprise applications like Oracle EBS and SharePoint, integrations for Taleo and ADP to Oracle Fusion HCM, as well as HR2HR co-existence solutions.
- **HR Analytics**—A starter-kit of Taleo business objects, Oracle BI reports, and a pre-built HCM dashboard.
- **Infosys Cloud Automation Testing Tool**—To run automated test cases during Oracle's six-month upgrade cycles.

Customer Proof Points

Toyota Motor Europe (TME)

"In March 2015, we went live with Fusion HCM public cloud at TME, exactly as per plan. The challenge was great—implement five modules (core HR, benefits, absences, performance, compensation) with a new cloud-based solution in less than six months. But we did it! Indeed, this would have been impossible without an incredible teamwork between TME HR, Infosys, and Oracle."

—Marc Kintaert, Manager HR & Development Information Systems, TME

Kamal Osman Jamjoom Group LLC (KOJ)

A leading retail group in the Middle East region

"This is an amazing project—kick off on January 27th and go-live on March 12th—32 working days with exceptional team work between KOJ, Oracle, and Infosys and go-live for performance appraisal is achieved."

—Thameem Rizvon, IT Director, KOJ
